DICTATOR WOULD FORM ALLIANCE

Anxious to Get Aid to Repel Invasion by U. S. Troops.

MEXICO CITY QUIET.

Civil Government Established at Vera Cruz After Conference With Naval Authorities.

Vera Cruz, Mexico, April 29.—The "Fighting Fifth" brigade was still aboard the transport tied up at the docks here early today, while Brigadier General Funston was conferring with Rear Admirals Badger and Fletcher, completing the details of the transfer of control of Vera Cruz from the navy to the army. There was a possibility that the troops might be landed today, but further delay until tomorrow was expected.

The administrative forces of the city are now completely organized, having been sworn in late yesterday, Robert J. Kerr, an American lawyer of New York and Mexico City, entered upon his duties as civil governor of Vera Cruz today. Other officials named by Fletcher are: Commander Stickney, U. S. N., inspector of port and customs; William F. Buckle, lawyer, of Austin, Tex., administration of justice; Charles H. Stewart, of Indianapolis and Cordoba, treasurer.

Every report received from Mexico City indicates that the danger Americans there has passed for t present. About 300 are in the capital, but they are free to leave on an of the refugee trains which are heading toward this port and Puerto exico. Although agreeing to the diation plan of the A. B. C. pows and aiding Americans in leaving e interior, Huerta is doing everyting possible to strengthen his fore.

The dictator is making every preparation to resist the United States hile the peace negotiations are in ogress. He is officially treating th the bandit rebel Zapata, with view of forming an alliance. Arngements have been made for a nference between the minister of the erior and representative Zapatista aders, and it is generally believed the bel chief will certainly join forces h Huerta to resist an American asion.

Admiral Fletcher was advised by telegraph from Mexico City that several trainloads of refugees were ready to leave the capital.

Mexico City was reported as being quiet.

Consul Schmutz and 110 other American prisoners at Aguascalientes were released.

Federal forces are making overtures to the rebels near Tampico for a combination against the United States.

A detachment of British royal marines was dispatched 40 miles inland from Tampico to rescue eight Americans.

Mexican Federals retreating from Nuevo Laredo, after dynamiting that border city, left a trail of destruction behind them.

Most of the American consular offices in Mexico have been closed.

Many refugees from Mexico arrived at Galveston and New Orleans.

WAR IN COLORADO.

Federal Invasion of Coal Mine District Began Early Today.

Denver, Col., April 29.—The "Federal invasion" of the coal strike district of Southern Colorado began early today. Troops E and H, of the Twelfth Cavalry, commanded by Major McClure, reached Denver from Fort D. A. Russell at daylight, and continued on to Canon City, where they will make their headquarters in the pacification of that section.

They constitute the advance guard of the regulars. The second squadron of the Fifth Cavalry left Fort Leavenworth, Kan., early today with orders to rush to Trinidad.

Major William H. Holbrook, commanding the detachment, will be in command of the regulars, with headquarters at Ludlow or Trinidad.

Meanwhile, except in Walsenburg, comparative quiet reigns. The news that President Wilson had sent the cavalry was received with great joy everywhere, and even before the details of his order had come mine guards and armed strikers in both southern and northern coal fields ceased the firing which up to that time had continued for four hours.

Details of the fighting in both fields began to filter in today. At Walsenburg, in the southern field, fighting was still in progress at an early hour. Except for a lull of two hours late yesterday, after news of the sending of Federal troops reached there, the firing had continued for thirty-six hours.

Last reports gave the known male dead at two, and the known women dead at six. It is impossible to get accurate details, however, and it is feared this casualty list may be increased.

Militiamen at Walsenburg deny they participated in the early fighting yesterday, except in a perfunctory way, but last night they went into action in force. Their field pieces shelled the strikers' position on a ridge west of the town, but failed to rout the men.

Freely exposing themselves, the Greeks, Bulgarians, and other foreign miners steadily replied to the soldiers, and refused to abandon their trenches. Guards in the Robinson and Walsen mines are also participating actively.

At Louisville and Lafayette, in the northern field, a temporary truce was established, after six strikers had been seriously wounded, two probably fatally. Two hours after the orders to United States troops were issued, General John C. Chase, adjutant general of the Colorado militia, reached Louisville with 100 State soldiers.

They fired two volleys over the town and took possession of the

STILL PRODDING TREASURERS

State Auditor Moore Urges That Delinquent List be be Minimized.

HE QUOTES STATE LAW

Earnest Appeal to Officials to Use Every Power Placed in Their Hands to Enforce Collections.

Richmond, Va., April 29.—Quoting the tax laws of the state and urging all county and city treasurers in Virginia to collect all taxes due the state, Auditor C. Lee Moore has addressed a circular letter to all treasurers. The letter, except for the extracts from the law quoted, reads as follows:

The law requires you, on or before the 15th day of June, to make final settlement with the auditor of public accounts for the taxes of 1913 placed in your hands for collection. (Code section 604, tax laws p. 160.)

With this requirement of the law, you will, of course, comply with the exception of filing the lists of taxes on real estate, properly assessed, and of taxes on real estate, personal property and capitations and delinquent certified copies of which list will be forwarded to this office after they have been examined in the case of a country treasurer, by the board of supervisors, commissioner of the revenue and examiner of records, and have been approved by the circuit court (or the judge thereof in vacation); and in the case of a city treasurer, after they have been examined by the commissioner of the revenue, examiner of records, and have been approved by the corporation (or hustings) court (or the judge thereof in vacation.)

Certified copies of these lists must reach this office on or before the 15th day of September (Code section 610, tax laws p. 166.) to authorize me to allow the treasurer credit for the same.

County and city treasurers returned delinquent State taxes for 1912 on real estate, in the sum of $92,925.17, nearly 5 per cent of all the state taxes assessed on real estate.

County and city treasurers returned delinquent state taxes of 1912 on personal property in the sum of $48,572,57, over 7 per cent of all State taxes assessed on personal property.

This communication is sent you as an earnest appeal that you will use every effort, employing the powers conferred upon you by law, to enforce collections so as to reduce to the minimum the taxes assessed for 1913 on real estate and personal property which must be returned delinquent.

Not only do I wish to urge a continuance of the energy and zeal which has heretofore characterized your work, but I request you to exercise the powers conferred upon you by law to collect these taxes and not to return them delinquent.

The purpose of these laws is to place in your hands every means to collect the taxes, and I believe you will, if the taxpayers do not settle, do your duty faithfully and effectively.

I am sure you gentlemen will be impressed with the care that has been provided in the law to insure the minimum delinquent return of taxes and levies. The intent of the law is to allow no tax levy to be returned delinquent which can possibly be collected, requiring each item on the list to be scrutinized as hereinbefore set forth; and to guarantee that no taxes and levies will be returned delinquent which could have possibly been collected, the treasurers have been clothed with extraordinary powers to enforce payment.

I urge you to call upon the taxpayers who, up to this time, have not paid their taxes and levies for 1913 and explain to them that the taxes and levies must be paid or you will be compelled to proceed as the law directs to collect them. This matter is of the gravest importance both to the state to secure her taxes and to the county or city to secure its levies.

Knowing you officers as I do, I have every confidence you will, by your active and faithful performance of duty, very materially reduce the list of taxes and levies for 1913 which you will be compelled to return delinquent.

WEST VIRGINIA MINE HORROR

One Hundred and Ninety-Six Men Entombed by Gas Explosion.

HOPE'S ABANDONED.

Eleven Bodies Recovered — Rescue Parties Make Attempt to Enter Mine, But Are Driven Back by Gas.

Charleston, W. Va., April 29.—Unable to gain admittance to mine No. 5, of the New River Collieries Co., at Eccles, W. Va., where 196 men are entombed, a rescue party headed by the officials of the State mining department were forced to retreat from the mouth of the gas-filled entrance early today, and hope for the imprisoned men is virtually abandoned. The men were mprisoned by an explosion late yesterday afternoon.

The bodies of eleven men have been taken from mine No. 6, connected with the other by an air shaft. Sixty were rescued alive. Of these several were seriously injured, and now are in a hospital at Beckley, four miles from the scene of the disaster.

Three of the men who were in No. 6 are still missing.

A second attempt to get into No. 5 is to be made immediately. The mining commission has taken complete charge of the rescue work. Besides trying to get to the imprisoned men, the officials are caring for the members of the families of the miners.

H. C. Bayless, general manager of the New River Co's mines said early today he believed the explosion was caused by dust, and that he had no hope for the safety of any of the entombed men.

Both mines have long been listed as gaseous and a "fire boss" has been constantly on watch.

The first explosion occurred at the 500-foot level of the No. 5 mine, and was of such force that hoisting machinery above the shaft opening was wrecked. An instant later a lesser explosion occurred in No. 6 mine, at the 300-foot level.

Rescues of men in this mine were effected by the crew of the rescue car of the Pawama Coal Company.

Earl Henry, chief mine inspector of the state mine department, arrived last night on a special train with Governor Hatfield, Dr. J. M. McCullough, chief examiner under the workmen's compensation law, and Chief Clerk L. W. Thomas.

The crew of the Federal Mine rescue car is at work. The disaster was said today to be the worst in W. Va., since December, 1907, when 366 miners lost their lives at Monongahela, in the Fairmount coal field.

Men in No. 6 mine were burned by the backfire from the first explosion in No. 5, because of the connecting air shaft. It is through this shaft that rescuers hope to be able to enter the No. 5 mine.

NEW STEAMER PASSES UP.

The steamer Frederick DuBarry, which will within the next few days be placed on the lower river route between Washington, Alexandria and the lower river landings, passed up the river early yesterday afternoon.

The DuBarry came from Florida, where she had recently been employed. She has the length but not the breadth of the steamer Wakefield, now running on the river route.

JURY UNABLE TO AGREE.

Man, Tried in Case of Drowning of Women, Released Under Bail.

After deliberating more than four hours a disagreement was reported yesterday afternoon by the jury in Washington Criminal Court No. 1, before which A. W. Simpson, a coal agent, was tried on the charge of manslaughter, in connection with the drowning in the Potomac on the night of May 27, 1912, of Mrs. Sarah F. Neilson and Bessie Haller, following a collision between the steamer Angler and the Lotus, a motorboat owned by the accused.

Justice Gould discharged the jury, and allowed Simpson to continue at liberty on the same bail. It is not expected that there will be a retrial of the case during the present term of court.

COMPLAIN OF CAR SERVICE.

NOW HAVE $16,384 FOR NEW HOSPITAL

Several Large Donations Are Expected to be Received Today.

INTEREST UNABATED.

Work of Churches During Campaign —Meeting of Lady Managers of Institution Held Yesterday Evening.

The black board of the Hospital committee showed this morning the sum of $16,384.00, but since this was put up the amount has been increased and it is expected that there will be several large subscriptions during the day. The committee will continue its active work, but they request all who intend to contribute to do so as early as possible, and they again call attention to the fact that contributions can be made in installments.

While the interest in the movement has, at the present time, far exceeded the expectations of the most sanguine, still, it is only an evidence of the interest taken by Alexandrians in doing a charitable and necessary work.

The contribution from the Motor Boat Club has been received, amounting to $13.20, being the gate receipts on Tuesday night. Among the other offers that have been made is one from John P. Nelson, proprietor of the dancing pavillion at Luna Park, who tendered the use of the pavillion and band for one day, when the park opens next month.

Mrs. L. Wilbur Reid, the vice-president of the Board of Managers has sent to the Gazette the following communication:

A called meeting of the board of managers of the hospital was held yesterday, to receive reports from the canvass of the different churches, societies and individual contributions from each woman of their congregations, that they may have a share in the good work of building the new hospital. This woman's work was only organized early last week, and never succeeded in getting into working order soon enough to enable the workers to make a report at this meeting. So only a very small proportion of any congregation has responded to the appeal sent them.

Reports so far made is as follows:

St. Paul's Church, $266 pledged; cash, $2 ($500 from one member and $50 from another have been turned in previously.)

Presbyterian Church, $105 pledged; cash, $32.25.

Southern Methodist Church, $183 pledged; cash, $51.00.

St. Mary's Church, $100 pledged; cash, $11.

Grace Church, $55 pledged; cash, $2.

Baptist church, $55 pledges; cash, $1.00.

Trinity Methodist, $10 pledged; cash, $10.

Second Baptist, $38 pledged; cash, $2.

Free Methodist, $20 pledged; cash, $7.85.

Synagogue, pledged $5.

Christ Church, no report yet.

Lutheran Church, no report yet.

Managers at large, no report yet.

Protestant Methodst, no report yet.

The Board of Managers hope that the women of the churches who have not responded will do so, whether little or much, at once, and enroll themselves among the good workers and well wishers of the new building.

BASE BALL BENEFIT.

Manager Mudd of the White Sox, has made arrangements for a game with the Cardinals to be played at the park on north Alferd street, Saturday, May 2nd, for the benefit of the Alexandria Hospital. Both teams will have their best line up and a good game is promised.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

CONCERT A SUCCESS.

Large Attendance at Westminster Building Last Night.

The old folks grande concerte which was given last night at the Westminster Building for the benefit of the building fund, as had been anticipated, was a pronounced success in every way. The entire company was in the costume of "long ago" and presented a pretty picture. All the soloists were in fine voice and it would be a hard matter to individualize as far as well merited as applause is concerned. The chorus, under the direction of Mr. William E. Starnell, of Washington, D. C., was splendid the voicesblending perfectly and the varied effects being well carried out. The living pictures, illustrating several of the songs and Statuary Hall deserve special mention, and Mr. Mitchell, of Washington, D. C., should be praised for the artistic manner in which the young ladies were posed.

Taken as a whole the affair was a most creditable one and Mrs. Ruth Fields, Miss Louise Howell and Miss Lucy Graves, are to be congratulated upon the result of their untiring efforts in arranging for the entertainment.

WANT GOOD ROADWAY

Property Owners Petition Council for Vitrified Brick on Two Squares

As will be seen by the proceedings of the City Council, proprety owners on Lee street, between King and Queen, want a vitrified brick roadway on those two squares. The petitioners agree to pay $2.50 per square foot in front of their property. They also ask for granolithic sidewalks, as on south Fairfax street.

The petition was referred to the committee on streets, and in a short time an ordinance will be presented providing for the work.

When this improvement shall have been made, four squares of this modern roadway will have been placed on Lee street, that thoroughfare having received modern improvements form King to Duke street several years ago.

Property owners on Fairfax street from Wilkes to Gibbon also have a petition in the hands of the committee on streets for a continuation of the street improvement on their square. Last year the two squares from Duke to Wilkes street were improved with a vitrified brick roadway and granolithic sidewalks.

There are also petitions on the hands of the committee for similar work on St. Asaph street from King to Duke.

When the first square of vitrified brick was placed on King street from Fairfax to Royal, it was in the nature of an experiment, and it was at the time suggested that people residing in other sections of the city would want similar work. Such has been the case.

LIQUOR LICENSES.

Falling off of Five in Number of Saloons.

Alexandria will have 43 liquor licenses during the next year commencing on Friday instead of the 48 places where liquors are sold at present. Additional licenses were granted yesterday to Charles H. Zimmerman, James H. Doherty, Henry L. Cheshire, Randolph Ramer, J. H. McGowan, James E. Curtin and Joseph H. Ramsey. Of the 43 licenses three are to wholesale dealers and the remainder to retail saloons. There has been a steady decrease in the number of saloons in Alexandria during the past twenty years due to the gradual increase in the liquor licenses.

CLEAN-UP CAMPAIGN.

A clean-up campaign will be inaugurated by the city health department under the direction of Dr. E. A. Gorman, city health officer, on next Monday morning. Property owners will be asked to have their yards and cellars thoroughly cleaned up and the city will provide a cart and wagons for the removal of all trash. A campaign to interest the public school children in the work will also be undertaken.

FEW PAPERS PRESENTED

Short Session of City Council at the Regular Meeting Last Night.

The City Council was in session a short time last night. But few papers were presented, and they were soon disposed of.

Board of Aldermen.

As the Aldermen were about to be called to order Mr. Smith, of the Common Council, appeared in the chamber and announced that the lower board had finished their business and was ready to adjourn. Two papers, which had been disposed of by Common Council had in the meantime been received by the Aldermen.

President Marbury asked that the lower board wait a few minutes.

After the reading of the minutes several matters were introduced in the Aldermen which will be found in the official proceedings. They were of a general nature and after having been properly disposed of the action of the Common Council on papers which had been received was concured in, when the board adjourned.

There was no joint session, as had been expected, to elect a Police Commissioner from the Third ward.

Common Council.

When Council was called to order only ten members were in their seats, but a few minutes later four more came in, leaving only Messrs. Spinks and Graham absent.

The tax law for the year beginning June 1st, 1914, which was laid over at the last meeting was read for the third time and passed. This law showed no change from the present tax law and the minimum rate remains at $1.71.

A petition from Hugo Herfurth, Jr., for a sewer to two new brick dwellings on the east side of Columbus street, between Oronoco and Pendleton streets, was referred to the committee on streets.

A petition from Edward Jones for permission to make certain repairs to his frame dwelling, 811 Wilkes street, was granted, after Mr. Chauncey had made a brief explanation.

Julian D. Knight was granted permission to erect a one story frame office and store room with fire-proof roof to be situated at the corner of Royal and Woife streets.

Nine hundred and fifty dollars was appropriated for the work of cleaning the streets and collecting ashes during the balance of the fiscal year.

A petition was received asking the paving of Lee street from King to Queen. The petition was accompanied by signed agreements from the owners of more than half the property along this street agreeing to pay $2.50 per front foot, the work to consist of a 30-foot vitrified brick roadway and a 9-foot granolithic sidewalk with granite curb. This was referred to the committee on streets and finance.

On recommendation of the committee to which it had been referred Council appropriated $525 for the paving of the alley from Washington to St. Asaph streets, just south of Prince, usually known as the Postoffice alley, this amount to be available when $400 shall have been paid into the city treasury by the property owners.

This led to a brief discussion on the advisability of paving alleys while streets were in need of improvements, but the recommendation was adopted unanimously.

Council then adjourned.

NEWS OF THE OLD DOMINION

COURT MARTIAL COMPLETED.

Accused Musicians Plead Not Guilty to Charges of Insubordination And Mutiny.

Richmond, Va., April 29—The court-martial of members of the Blues' Band on charges of insubordination, mutiny and refusal to obey orders, preferred by Major E. W. Bowles, commanding the Blues' battalion has been completed. The findings of the court will be forwarded to Governor Stuart and will not be made public until the chief executive has passed on them.

All of the musicians entered pleas of not guilty. Officers of the band told the court that they did not regard the order to report at the armory on the night of February 2 when the Blues gave a dance in honor of the Virginia Military cadets, as a military one.

They regarded it, they said, as a request, and it was brought out in the testimony that the order was not in written form but was a verbal one delivered by Major Bowles to Sergeant Slaughter to be delivered by Slaughter to Bandmaster Colivata. Both Drum Major Gans and Bandmaster Colivata told the court they would have had the band present had it been for military duty.

ASHORE ON THE COAST.

Life-Savers Board Vessel, But Crew Refuses to Leave.

Norfolk, Va., April 29.—A ship reported as the British steamer Argo, Captain James, from Progresso, for Philadelphia, went ashore last night off Oregon Inlet, on the North Carolina coast in a heavy fog. Life-savers boarded her a little before midnight. According to a message received by Observer Newsom at Cape Henry over the coast guard wires, the crew refused to leave their ship. There is a choppy sea running and the steamer is well on the beach. Wreckers will leave here in the morning to go to her assistance.

One message identfied the craft as the British steamer Arrow, but no such boat appears in Lloyd's marine register.

AINSLIE DEFEATS UMLAUF.

Carries Every Ward in Landslide—Total Vote Cast 8,167.

Richmond, Va., April 29.—Polling more than twce the vote of his opponent, Mayor George Ainslie was nominated in the city primary yesterday to succeed himself in office, by a clear majority of 2,736 votes. The Ainslie landslide took the city completely by surprise, the size of the surplus exceeding by at least 1,200 votes the claims made by his campaign managers on the eve of the election.

The mayor carried every precinct in the city except the second and third precincts in Clay Ward. His strength in Councilman Umlauf's own territory was the marvel of election day.

Woman Attacked by Negro.

Petersburg, Va., April 29.—A daring negro, who is well-known to the police, called at the home of Mrs. Mizelle on Harding street on Monday night to see a woman who is employed as a servant in the Mizelle home, and upon being informed that the girl was not there, he became enraged and threw Mrs. Mizelle aside and entered the house. Mrs. Mizelle in falling struck against the door facing and was somewhat hurt besides being terribly frightened. She screamed for help and the negro ran off and his not been seen since. His capture, however, is inevitable, and undoubtedly severe punishment will be meted out to him.

NEWS OF THE DAY.

Mrs. Frances Lendon and her four children were burned to death yesterday when fire destroyed their home on the outskirts of Mount Union, Pa.

A body exhumed from the Rockport, Ohio, cemetery, near Cleveland, yesterday, was identified as tha t of the Rev. Lewis Patamont, formerly of Milwaukee, who disappeared from Danville, Ill., on April 1. The body was found along the Big Four Railway tracks, on April 6. The coroner decided that a murder had been committed, probably on a freight train. Prior to his disappearance, the Rev. Mr. Patmont had been holding a revival meeting in Danville. An option campaign was then waging, and it was charged that he was driven from town by partisans.

Dr. S. N. Myers, of Martinsburg, W. Va., treasurer of the grand lodge of Masons of West Virginia, has received word from Attorney Montgomery, of Chester, Pa., stating that the will of the late Henry King, of that city, had been admitted to probate there, and that under its terms the grand lodges of Masons of Pennsylvania and West Virginia had been bequeathed approximately $150,000 each for the benefit of the Masonic homes of the two States. Mr. King was for years an oil operator in West Virginia, and held membership in the Masonic lodge at Sisterville. He left an estate valued at $500,000.

CAMPAIGN IN THE NINTH.

Strenuous Efforts Being Made to Have Citizens Qualify To Vote.

Bristol, Va., April 29.—The Democrats of the 9th Congressional District of Virginia, which embraces a part of Bristol, are making careful preparations for the fall campaign, with the hope of redeeming the district, which has now been held by the Republicans through Congressman C. Bascomb Slemp and his father, the late Colonel Campbell Slemp, for many years. The Democrats are expecting Slemp not to again be in the race, he having more than once declared his purpose not to run.

The matter that now concerns both parties most, as indicated by Republican activities and by a lengthy conference held here between members of the democratic committee and county chairmen concerns the payment of poll taxes. The voters have only until May 1, to qualify by paying their poll taxes. During the next two days a strenuous effort will be put forth with the hope of qualifying all voters of either party.

The Republicans are at the disadvantage this year of not knowing for certain whether it is going to be possible to bring about a working arrangement between them and the progressives. Both are agreed that success depends upon whether or not they unite against democracy.

R. Tate Irvine, the Democratic nominee for congress, has been in Kentucky for a few days, having been called to that state on account of the death of his father.

The Republican convention to nominate a candidate will not be held until July 9. Many express the belief that Slemp will again be nominated.

WILL FURNISH THE MONEY.

Senator Martin, Chairman of the Senate Appropriations Committee Declares Congress is Ready.

Washington, April 29.—"President Wilson has but to say the word, and we will furnish him with any amount of money he may desire for the successful prosecution of war," declared Senator Martin, of Virginia, chairman of the Senate Appropriations Committees. He added that he spoke the minds of the leaders of the majority in both Houses on that point.

"There will be no limit upon the war funds available if the United States be driven to restore civil order in Mexico by force of arms.

"As yet I have had no intimation from the President that any appropriation will be needed," continued the chairman. "Until it shall become evident that money will be required to conduct military operations nothing will be done here in regard to raising money for such an emergency.

"But that does not mean that we are not ready for any call that may come. If President Wilson should tell us that he wanted hundreds of millions before tomorrow we would vote them today."

Senator Martain refused to discuss the means that would be employed to finance a military campaign, should the need arise at this crisis.

Frank Kirk Raymond, dean of Washington insurance brokers, for many years prominently identified with the civic and commercial welfare of Washington, shot and killed himself yesterday at his home, 100 Fourth street southeast.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

MAKE COMPANIONS OF YOUR CHILDREN.

"Because of the neglect of parents, some homes are turning out tramps and heathens," asserted Dr. Carter Ashton Jenkens last Sunday night before a capacity audience in Cavalry Baptist Church in Richmond.

Dr. Jenkens told of the great responsibilities which rested upon the shoulders of both mother and father, and outlined the duties of both. He declared that the father should be a model and a companion for his children. During the course of his lecture he gave a number of touching illustrations of how children imitate their parents. He said that it was not only the duty of the father to provide food and clothing for his offspring, but to furnish influence as well.

Continuing Dr. Jenkens said:

"He sets an example that leads them to perdition. The average father is a dead weight in the home. He does nothing to lift up his offspring and by bad example is helping the evil forces of the world sweep them into an awful eternity. Many fathers do not spend enough time with their children to know them very well. I know of a man who stopped a baby on the street, because of its beauty to inquire whose it was. 'Law, sir, boss, don't you know dat is yourn?' responded the nurse."

The above observations need but little comment. They call attention to facts that all parents should heed. Many men visit places where they would not think of carrying their children, yet when a boy, after reaching a certain age, starts on the wrong road of life, the father is distressed when he realizes his son is but following his footsteps.

We could fill the Gazette with incidents which have occurred in this community during the past half a century which would add strength to Dr. Jenkens's observations.

A man, who spent nearly all his time in places which he would never allow his son to visit, appealed to the authorities on one occasion to know what steps should be taken against people who entertained his offspring. He had been setting the boy a bad example and the latter was about to go astray.

Another man in this city, long since deceased, finding all his boys in the broad road to destruction, was telling his troubles to a friend. The latter, after listening to his story, said: "It's all your own fault. I've often seen you taking walks with your dogs, but I never saw you with one of your children."

KILLED BY PIRATES.

British Ship Attacked in Chinese Waters—Desperate Battle.

Hongkong, April 29.—One hundred and eighty sailors perished when the British steamer Taion was attacked and burned by Chinese pirates north of Macao early yesterday.

A desperate battle was fought on board the Taion before the pirates captured the vessel. They boarded the steamer from their junks under cover of darkness just as she slowed down to enter the river near Lau. The crew engaged in a hand-to-hand combat with the pirates, but were finally overcome.

In the meantime the passengers had taken to the steamer's small boats. They were allowed to leave without molestation by the pirates, who, after overpowering the crew, looted the vessel and then set it afire.

Flames from the burning vessel attracted the attention of other ships, and they hurried to the scene, but found the Taion burned to the water's edge.

Those of the crew who were not killed in the fighting are believed to have plunged into the sea to escape the flames and have been drowned.

Captain Wetherell and the other European officers of the Taion were picked up by other vessels hours after the fight.

The vessel carried 158 passengers, but all of these were rescued by other vessels.

Some of the pirates had boarded the Taion as passengers, and when the fighting began they disabled her engines so she could not draw away from the Chinese junks.

Charles C. Roystone, an aviator, fell 80 feet at Domingues Junction, south of Los Angeles, Cal., yesterday, and was so badly injured that he died shortly afterward. Roystone, flying a monoplane, was on his way to San Diego to demonstrate an aerial bomb hurling device to the arm yofficers at the government aviation camp.

COLORADO STRIKE.

(Continued from page one.)

Hecla mine and nearby properties. The hills surrounding the place were also occupied, and preparations completed to put down any further outbreak.

The Colorado coal mine strike troubles spread from the southern fields to those of the extreme north.

Strikers at Walsenburg and other places fought mine guards all Monday night and the greater part of yesterday.

Militia sent to Walsenburg was unable to cope with the situation, being outnumbered ten to one.

Seven guards are reported to have been killed at Walsenburg though later accounts cast doubt on the statement.

One dead and two slightly wounded were the casualties at Hecla mine at Louisville.

Colonel L. George Lee, Assistant General of Colorado, confiscated 20 rifles and 10,000 rounds of ammunition being taken to Louisville by W. T. Hickey, secretary of the Colorado State Federation of Labor.

Citizens are organizing everywhere for the protection of mines and other property.

President Wilson directed United States troops to take charge of the situation and issued a proclamation commanding that all violence and disorder cease.

In a message to Governor Ammons, of Colorado, the President declared that he would not inject the power of the Federal Government into the controversy which has produced the present situation, but would expect the Legislature as soon as possible to take action to the end that the State reassert its authority and resume the enforcement there of.

Orders were issued by Secretary Garrison for three troops of the Fifth Cavalry at Fort Leavonworth, Kan., to proceed to Trinidad, and two troops from the Twelfth Cavalry at Fort D. A. Russell, Wyo., to leave for Canon City.

John D. Rockefeler, Jr., issued a statement defending his refusal to take any action looking toward a settlement of the troubles.

Mr. Rockefeller said that the complaints made by the miners were either unfounded or the conditions asked for had been granted, with the single exception of the unionizing of the mines, which, he declared, was a matter of principle and would not be arbitrated.

He said further he was interested in the Colorado Fuel and Iron Company solely and as a minority stockholder, and that the company controlled only about one-third of the output of the State.

Washington, April 29.—President Wilson last night ordered a squadron and two troops of Federal cavalry to the Colorado strike districts.

The President did this after issuing a proclamation which sets forth that a condition of violence exists in Colorado, which Governor Ammons says the State authorities are unable to suppress and which is of such a character as not to permit of the delay necessary to summon the legislature in extraordinary session for emergency measures. The proclamation serves notice upon the persons responsible for the disturbance that unless order is restored by April 30, the troops will be used to compel it.

Emphatic announcement was made at the White House that the employment of the trops should not be regarded as interference in the mining controversy, but merely a measure to restore order.

Secretary Tumulty followed the President's formal proclamation with a statement that the troops had been ordered to the strike districts at the urgent requests of the Senators and Representatives from Colorado and all parties in controversy. The squadron of troops will consist of about and horses.

BIG AGRICULTURAL LAND OPENING

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted in prospective settlers in throwing open Twenty Thousand Acres of Rich, Southern Georgia Land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely profitable paper-shell pecans.

Providing you are eligible under the classifacations prescribed by us, you are now offered an excellent opportunity to break away from the drudgery and toil of a small wage, or working for the benefit of landlords, and go back to the land of plenty, to which, if granted, you will hold a warranty deed and abstract.

The best security on earth is the earth itself and land is the basis of all wealth. Owners of productive lands are benefitting by the increasing high cost of living, while others are suffering from it.

An Opportunity to Secure Rich Productive Land Without Capital.

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracks is that they plant or arrange a crop of one of the above-mentioned products within three years, after which we will have it operated (harvested and replanted) for grantees, in consideration of 25 per cent. of the net profits derived from the ale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to $1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as $500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further arguing, and waste no time in locating on this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it, otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham and Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful, and invigorating, and there is an ample rainfall of 51 inches per year.

Our Aim is For Mutually Beneficial Results.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold and to increase the traffic along the Atlanta ,Birmingham and Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-minded opening similar to those of the Northern Pacific and other railroads when they granted their lands, and we expect to benefit thereby, as well as the ones who will receive the tracts.

We have also planned to develop what is designed to be the best equipped, most up-to-date, scientific, commercial farm and orchard in existence. It will consist of six thousand acres and will be included in this opening. All who register and receive tracts will get the benefit of the experiments and scientific methods in vogue thereon. While we are arranging to prevent over-registration, we will avoid many disappointments, such as occurred in other land openings conducted by the United States Government and railroads, by granting those who register in excess of the number of tracts to be granted, an interest in this commercial farm and orchard enterprise, in the hope that they may later locate in one of our town sites.

Examination of the land will be cheerfully permitted, and the opening will be held at Browntown, Wayne county, Georgia, one of the stations of the A. B. & A. Railroad, which is located on this property, and will occur as soon after the closing of registrations as arrangements can be made.

The presence of those registered will not be necessary at Browntown on the opening day, unless they wish to attend, for there will be no favoritism shown any one. It will be conducted by a committee selected for the purpose, and those registered will be notified of what they have been granted, as soon as possible.

With an ever-increasing population of this country there is no corresponding increase in the area of land, and naturally as the population increases and seeks the land in pursuit of health, happiness and independence, it will continue to be harder to secure.

The prosperous and contented class in Europe today are the descendants of those who secured land there when it was plentiful, while the descendants of those who obtained no land are now the peasants and slaves. **You must realize that this may be your last chance to secure land in this country without a large outlay of capital**, so it should not be necessary to urge you to act at once by forwarding us the application for registration attached to this announcement.

Plans are being made by the Navy Department to send the entire Atlantic Fleet through the Panama Canal as soon as conditions in Mexico warant the removal of the warships from the eastern coast. Colonel Goethals announced a short time ago that the largest battleship in the fleet could safely pass through the canal by the middle of May. It is expected the canal will be opened to the commerce of the world by July 1, and Colonel Goethals says it would be possible to open it today if the occasion demanded, but in all probability the first large number of ships to use the canal will be the Atlantic Fleet.

BRITONS SAVE REFUGEES.

Warships Withdrawn From Tampico to Avert Attacks by Mobs Upon Americans.

Washington, April 29.—In regard to the reports from Tampico that American citizens there were indignant because of the departure of the American battleships from the river, Secretary of the Navy Daniels said today that this action had been taken after the British Admiral Cradock had informed Admiral Mayo that he would undertake to receive Americans from Tampico aboard the Hermione and transfer them to the Des Moines upon the American vessels taking a position at sea.

This arrangement was accepted to avert a possible massacre of Americans, the Federals having made overtures to the Constitutionalists to unite against the Americans. An official statement given out says:

"The reasons for withdrawing naval forces under Admiral Mayo from Tampico was that Admiral Mayo was informed by persons intimately in touch with the situation at Tampico that it was necessary for the safety of all foreigners that the United States naval vesels should not be near the town.

'He was informed that the Mexicans apparently considered war on; that the Federal and Constitutionalist forces were exchanging overtures to unite their forces against Americans and that the presence of the United States ships near Tampico would almost surely cause the two forces to combine. The British naval captain volunteered to send out all Americans and, therefore, Admiral Mayo decided that it was in the best interests of Americans and, in Tampico that his forces should not be at Tampico.

"Admiral Badger agreed entirely with Admiral Mayo and the department indorsed the action. Results have justified the action."

Rear-Admiral Mayo reported yesterday that the Federal forces are making further overtures to the Constitutionalists for a combination against the United States. He said the Constitutionalists are still firing.

Admiral Mayo also reported that Admiral Cradock, of the British cruiser Hermione, had dispatched Major Clark and a detachment of British royal marines 40 miles inland to rescue eight Americans at Orange Hill and was expected back last night. The Heriome sent 13 refugees aboard the Des Moines yesterday.

Admiral Badger reported that it would be inadvisable to send an American ship to the Yucatan district, "as it might start anti-Americ-

ARMS FROM AMERICA.

Conditions in Ulster Cause Considerable Uneasiness.

Londonderry, Ireland, April 29.—The Irish nationalist volunteers, a body similar in organization to the Ulster unionist volunteers, made matters even with their political opponents early yesterday by successfully landing a large consignment of arms.

The weapons, which are said to have been brought from America, were taken ashore at a remote spot on the coast of the county at Donegal, in the far western part of Ulster. A strange steamer had been seen off the coast for three successive nights. Monday night a number of fishing craft approached, took off the cargo, and succeeded in evading the coast guard and landing the rifles, which were quickly distributed. The size of the consignment is unknown, but it is believed to have been considerable, although not equal to the 40,000 rifles and 500,000 rounds of ammunition the unionists received on April 25.

London, April 29.—Special dispatches from Belfast to the newspapers here assert that the Ulster leaders are in possession of definite information that the officers of the regiments ordered from Dublin to the north on Sunday demanded to know the conditions of their service in Ulster, and refused to take warlike measures.

The officers, according to the correspondents were told that nothing would be done to exasperate the Ulster volunteers. If the latter did not fire first, the officers were informed that all would go well.

The correspondents point out as significant that the troops have not yet moved.

ENTERS ROOM OF ORPHANS,

Inmates of Home Terribly Frightened by Midnight Negro Intruder.

Richmond, Va., April 29.—Startled from their sleep, Sister Marie and thirty girls of the St. Joseph's Orphan Asylum, Fourth and Marshall streets, were teerribly frightened after 1 o'clock this morning when they noticed a negro in the room in which they were sleeping. He was standing at the head of Sister Marie's bed when she aroused from her slumber. Corinne Cousins, whose bed was nearby, awoke at the same time and their screams aroused every girl in the dormitory. The negro ran from the room and escaped by the way he had come—through a rear window in the third story and down the porch stairway.
